REMARKS:

Attached hereto is a PHS package I received on Saturday (25 September) from [] together with a note from me to him acknowledging receipt of this material. [] as you will recall from our earlier conversation, is the fellow recommended to us by Bill Sullivan. He has lost his employment in Europe as a result of factors outside his control and is currently beavering to try to secure a new job in the United States in an area consonant with his past background. Given the circumstances, I think you or whomever you designate should take matters from here and that I have now outlived my usefulness as a middleman. I am in no position to pass judgment on [] competence, but he would seem to have a good background in military analysis and certainly appears to have taken considerable pains with the preparation of the attached PHS material.

I am writing to assure you that your package of biographic and related material arrived safely in my mailbox on Saturday, 25 September. The thought, time and thorough care that went into preparing and assembling the components of this package were very evident.

I have passed your material on to those of my colleagues who handle such matters and believe it would be better for both you and them for me to bow out of the middleman's role. Whatever be the outcome of your future conversations with my colleagues, their request for the material you sent was not an idle one, and I am sure they will appreciate the effort that clearly went into its preparation.

Sincerely yours,

George A. Carver, Jr.
